LETTER FROM THE PREMIER

"I hope that all attendees to the CCMTA Annual Meeting enjoy their time here and have the opportunity to experience our Territory"

GOVERNMENT OF NORTHWEST TERRITORIES

On behalf of the Government of Northwest Territories, I am pleased to welcome you to the 77th Annual Meeting of the Canadian Council of Motor Transport Administrators.

The Northwest Territories' transportation system is one of the most unique in Canada, consisting of 2,200 kilometres of all-weather highway and 1,635 kilometres of publicly constructed winter roads. The combination of remoteness, size, and weather in the Northwest Territories presents unique challenges that require innovative solutions. Roads are essential transportation links in the Northwest Territories, connecting remote communities with the National Highway System, supporting the delivery of essential supplies, and enabling effective development of natural resources.

This year's focus on "Leading the Pack in Road Safety" truly represents the role of CCMTA as they lead the pack in the always changing world of road safety. CCMTA brings together road safety experts from across Canada and beyond to share their ideas and knowledge, and to promote a collaborate approach in ensuring we maintain a safe and efficient transportation system across the country.

I hope that all attendees to the CCMTA Annual Meeting enjoy their time here and have the opportunity to experience our Territory, and all of the wonderfully unique opportunities it has to offer.

Sincerely,

Bob McLeod

Premier of the Northwest Territories

GOVERNMENT OF NORTHWEST TERRITORIES

Welcome to Yellowknife, Northwest Territories and to the 2017 Annual Meeting of the Canadian Council of Motor Transport Administrators. The Northwest Territories looks to the Canadian Council of Motor Transport Administrators for leadership on road safety initiatives and is proud to be part of such a wonderful organization.

Much like the rest of Canada, the Northwest Territories requires a strong transportation system to support our economy and the continuous flow of people and goods. The Department of Infrastructure prides itself on the service we provide our residents when it comes to driver and vehicle licensing. Most recently, we became one of the first jurisdictions in Canada to offer services to our clients online, such as vehicle registration renewal and driver's licence renewal. These advances in technology help us to reach all of our clients, no matter where they are.

The Canadian Council of Motor Transport Administrators provides the foundation and resources that assists jurisdictions such as the Northwest Territories in maintaining and developing an efficient and safe transportation system. I hope you enjoy the Annual Meeting and take the opportunity to experience all that the Northwest Territories has to offer during your visit.

Sincerely,

A handwritten signature in black ink that reads "Wally W. Schumann".

Wally Schumann,
Minister of Infrastructure

LETTER FROM THE MINISTER

"CCMTA provides the foundation and resources that assists jurisdictions such as the Northwest Territories in maintaining and developing an efficient and safe transportation system."

LETTER FROM THE MAYOR

"On behalf of the City of Yellowknife, I am pleased to welcome all attendees to the 2017 CCMTA Annual Meeting."

CITY OF YELLOWKNIFE, OFFICE OF THE MAYOR

On behalf of the City of Yellowknife, I am pleased to welcome all attendees to the 2017 Canadian Council of Motor Transport Administrators (CCMTA) Annual Meeting.

It is an honour that CCMTA has chosen Yellowknife as the city to host the 2017 annual meeting. This year's theme "Leading the Pack in Road Safety" is relevant, as the work completed by CCMTA, including focusing on increased efficiencies for drivers and vehicles, as well as providing a forum for provinces and territories to discuss emerging road safety challenges, is essential for progressive motor transport safety.

Although Yellowknife is a relatively small city, our residents utilize a variety of transportation methods to travel. Many residents walk, use public transit, ride bicycles, or in winter months even ride snow mobiles and all-terrain vehicles. Of course, road safety is of our utmost concern, and the City is continually assessing our roads to ensure appropriate traffic lights and signage are in place. Likewise, we recently installed bike lanes on some of our downtown streets, and have established new four way stops at some of our busiest intersections to help manage the flow of traffic.

I once again thank you for embarking on our City, and hope you are all able to take some time to explore our community, perhaps view the spectacular aurora in the evening, and ultimately experience our northern hospitality.

Yours sincerely,

Mark Heyck,
Mayor

Welcome to Yellowknife.

I am so glad you are with us in this beautiful part of the world. The Northwest Territories is more than just the best place to view the spectacular Aurora Borealis, it also boasts some of the most amazing waterfalls in Canada, incredible scenery, and superb fishing and hunting. Over the next few days, we've planned activities to ensure you get to experience the region, culture and the people who live and work here.

I am a proud Northerner, and have called this place home my entire life. On the subject of pride, I am extremely proud of my team for their creativity regarding this year's theme, and for their work leading up to this week. The diversity of the languages and remoteness of our communities characterizes who we are, and it is perhaps why the theme 'Leading the Pack in Road Safety' resonates so strongly with me.

You've travelled a great distance to be with us, and we want to make it worth your while. But all work and no play would not be the Northern way, and so we've balanced the knowledge sharing with networking and social time.

If there's anything at all our department or I can do to assist you while you are here, please let me or any of our local staff know.

I wish you all a successful meeting.

Steve Loutitt,
Chair, CCMTA Board of Directors

LETTER FROM THE CHAIR

"The diversity of the languages and remoteness of our communities characterizes who we are, and it is perhaps why this year's annual meeting theme 'Leading the Pack in Road Safety' resonates so strongly with me."

GENERAL INFORMATION

Registration and exhibition takes place at the Chateau Nova Yellowknife Hotel. The Opening Ceremonies and the Concurrent Sessions are being held at the Explorer Hotel. Business program activities are taking place at both the Chateau Nova Yellowknife and Explorer Hotels. Please refer to the Program (pages 10 and 11) for specific times and locations.

The **CCMTA staff office** is located in the Janvier Room, located near the main lobby of the Explorer Hotel. If you need additional information, CCMTA staff – easily identified by their white lapel badges – can assist you. Host volunteers identified by their black jackets with a yellow knife symbol are also ready to provide assistance at both properties.

GETTING AROUND

A complimentary shuttle is offered daily to delegates to/from the Chateau Nova Yellowknife and Explorer Hotels. **Please consult the bus schedule in your pocket guide for full details.**

NAME BADGES

Please wear your name badge at all times as it is your passport to all meals, meetings and events. Hotel staff will look for name badges at all meal functions and ask that you leave the area should you not display one. A condensed version of the program and refreshment tickets are also included with your name badge. In addition, all sponsors will be identified with maroon ribbons and exhibitors with royal blue

ribbons. Please take the time to thank them for their support and commitment.

A name badge recycle bin is located in each of the meeting rooms as well as at the CCMTA Staff Office for your convenience.

INTERNET CONNECTIVITY AND COMPLIMENTARY COMPUTERS

Wireless internet is available throughout both the Chateau Nova Yellowknife and the Explorer Hotels. Instructions for accessing the internet will be provided upon check in at your hotel and will also be available at the CCMTA registration desk. In addition, there are public computers/printers available for use in the business centres at both properties. These are located near the main lobby. Complimentary internet access is also available in guest rooms.

DAILY TIPS

Be sure to watch for your copy of “**Daily Tips**” to learn the latest information about the Annual Meeting, schedule changes, and highlights from the previous day. It will be delivered directly to your email every morning.

PROGRAM COMMITTEE AND BOARD MEETINGS

Chairs and Vice-Chairs

Board of Directors:

Steve Loutitt (NT), Lyne Vézina (QC)

Compliance and Regulatory Affairs:

Reg Wightman (MB), Steven Haywood (BC)

Drivers and Vehicles:

Kwei Quaye (SK), Terry Wallace (AB)

Road Safety Research and Policies:

Wendy Doyle (AB), Elizabeth Beecroft (YT)

These CCMTA officials, along with each Board member, will be easily identified by their white lapel badges.

Documentation

In an effort to continue with our eco-friendly “green” efforts, CCMTA does not provide hard copies of background documentation onsite. Meeting documentation can be accessed from ccmta.ca.

Simultaneous Interpretation

Simultaneous interpretation is provided for open Program Committee and Board of Directors meetings. Interpretation receivers must be picked up before each meeting and returned at the end of each meeting to the room where they were obtained. Receivers should not be kept overnight as the batteries must be recharged. Please note that each delegate is personally responsible for the return of their receiver and headset. A replacement cost of approximately \$500 will be requested in the event of equipment that is not returned.

EXHIBITION

The exhibition takes place in the Caribou Room, located on the third floor of the Chateau Nova Yellowknife Hotel and will serve as the location for most meals provided. To plan your visits and appointments with exhibitors, please consult the exhibition floor plan and directory on pages 18-20.

Exhibition hours of operation are as follows:

Sunday, June 4

08:30 – 09:30 12:00 – 13:30 18:00 – 20:00

Monday, June 5

08:00 – 09:00 12:00 – 13:30

Tuesday, June 6

08:00 – 09:00

EXHIBITOR PASSPORT

In your delegate bag, you have been provided with an exhibitor passport. You are encouraged to visit all exhibit booths to receive a stamp on your passport to be entered into a draw to win a **Canadian Diamond prize package**. Fully completed exhibitor passports can be deposited at the CCMTA booth before 9:00 a.m. on Tuesday, June 6. The winner will be announced during the Territorial Banquet on Tuesday evening.

WHAT TO WEAR

The dress code for all meetings and sessions (including the Opening Ceremonies) as well as the Territorial Banquet is Business Casual. All other social events are considered casual.

Business casual: Trousers/khakis, slacks or skirts, long or short sleeved shirts with a collar including polo shirts, sweaters. No jeans. No athletic wear.

Casual: Jeans, khakis or dress shorts, casual skirts or dresses, long or short sleeved shirts with/without a collar including polo shirts, T-shirts and casual footwear.

Comfortable shoes and a fleece or knit sweater is recommended for the offsite

social events as there may be some walking involved. Delegates are encouraged to dress in layers as the temperatures may vary throughout the day. Please refer to the “social events” section below for details.

SOCIAL EVENTS

The **Welcoming Reception** is taking place at the in the exhibition hall, located in the Caribou Room at the Chateau Nova Hotel. This is the perfect opportunity to reconnect with colleagues while enjoying a warm welcome to Canada’s North with a taste of local flavours and entertainment. *Lee Mandeville*, a well-known local musician, will treat delegates to a traditional Metis compilation that reflects the North’s finest dance music, which dates back to the earliest days of the Metis.

A complimentary shuttle will be provided to/from the Chateau Nova Yellowknife and Explorer Hotels. Please refer to your pocket guide for times.

The **Networking Evening** is being held at Government of Northwest Territories Combined Services Building (CSB). Located on the outskirts of the Yellowknife airport, the CSB provides unique airside views as well as the Yellowknife skyline. Here you will experience Northern hospitality under the splendour of the midnight sun with a traditional BBQ with all of the fixings and be treated to a casual evening of fun activities and local entertainment, compliments of the local Yellowknife band *The Committed*. **Transportation to/from the Networking**

Evening will be provided for all delegates.

Guests are asked to meet in the main lobby of their hotel to board the delegate shuttle to the event. Please refer to your pocket guide for times. As this event may involve walking on some uneven surfaces and some outdoor activities, **comfortable walking shoes as well as a fleece or knit sweater are recommended.**

The **Territorial Reception and Banquet** is being held in the Caribou Room of Chateau Nova Yellowknife Hotel. Before dinner, guests will have the opportunity to connect and recap on the day’s events during a reception in the Quarry Restaurant located on the main level of the Chateau Nova Yellowknife Hotel.. The **CCMTA 2017 Annual Awards Ceremony** takes place immediately following dinner. Please refer to pages 16-17 for additional details.

A complimentary shuttle will be provided to/from the Chateau Nova Yellowknife and Explorer Hotels. Please refer to your pocket guide for times.

WITH THANKS AND APPRECIATION

CCMTA is grateful to all of the organizations that provided financial support to the 2017 Annual Meeting. For a complete list of our 2017 sponsors, please refer to the inside front cover of this program.

CCMTA also extends its sincere appreciation to the hard working volunteer staff from the Northwest Territories for their excellent support in hosting this year’s Annual Meeting.

CLOSED

WE WELCOME YOUR FEEDBACK

Before you head home, we invite you to complete our short, online Annual Meeting survey. Please check your email on Wednesday, June 7 for details.

CONCURRENT SESSION DESCRIPTIONS

CANNABIS ON THE ROAD – MINIMIZING HARMS AND ENSURING ROAD SAFETY

ENFORCEMENT TOOLS FOR CANNABIS-IMPAIRED DRIVING: A PILOT STUDY TO TEST ORAL FLUID SCREENING DEVICES IN CANADA

Presenter: Rachel Huggins, Manager Policy Development, Public Safety Canada

Recent observational surveys have shown that people drive after using drugs. This behaviour is likely to increase once cannabis is legalized in Canada. To help police deal with possible increased rates of impaired driving, enforcement will need the right tools. In this session, Rachel Huggins, Public Safety Canada's (PSC) Manager of Policy Development and Lead Coordinator of PSC's Oral Fluid Drug Screening Pilot Project will share results from the recent pilot study conducted in jurisdictions across Canada. The pilot, a collaboration of PSC, RCMP and CCMTA, was designed to test the use of oral fluid screening devices by police officers at the roadside.

CANNABIS LEGALIZATION: DATA MONITORING AND SURVEILLANCE

Presenter: Vincent M. Stancato, Deputy Chief Coroner, British Columbia (BC) Coroner's Service

Data monitoring and surveillance pre- and post-cannabis legalization, are critical to better understand the short and long-term impacts of cannabis legalization, and the potential impact on road safety. Information from coroner and medical

examiners files of fatally injured drivers in Canada provides one means for monitoring road safety trends and changes over time. BC's Deputy Chief Coroner, Vincent M. Stancato will provide an overview of the coroner system in BC, the methods and processes undertaken to determine drug presence in fatally injured drivers, as well as data collection challenges.

DISTRACTED DRIVING: YOUR ATTENTION PLEASE

ELECTRONIC COMMUNICATION DEVICE (ECD) USE BY URBAN DRIVERS IN CANADA: A 2016 SURVEY

Presenter: Wendy Doyle, Executive Director, Office of Traffic Safety, Alberta Transportation

Distracted driving increases the chance of a motor vehicle crash and seriously threatens the health and safety of all road users. In this session, delegates will learn about findings from recent distracted driving research. In 2016, CCMTA conducted a national survey of ECD use by urban drivers across Canada using similar methodology to surveys conducted in 2012 and 2009. Wendy Doyle, Executive Director, Office of Traffic Safety with Alberta Transportation and Chair of CCMTA's Road Safety Research and Policies Program Committee will share key findings from the 2016 survey and noted changes in driver behavior since 2012.

A REVIEW OF TECHNOLOGY RELATED TO DISTRACTED DRIVING

Presenter: Andrea Scipione, Consultant, C3 Human Factors Consulting Inc.

The range of communication, information and entertainment technologies is exploding. Over the last five years, the development of technologies targeting drivers has also increased. Kelly Forbes of C3 Human Factors Consulting Inc. will share results of recent CCMTA commissioned research to identify technologies that are designed to mitigate or eliminate distraction as well as those that are contributing to distraction. The types of technology, modes of interaction, and the methods for mitigating/eliminating distraction will be discussed.

FRAMING THE FUTURE OF TRANSPORTATION

Presenter: Kevin Byrnes, Executive Director for Road User Safety Division (RUS), Ministry of Transportation (MTO)

Ontario's driver and vehicle population is growing. By 2020, it is projected that the licensed driver population will increase by approximately 10 percent while the registered vehicle population will increase by approximately 8 percent. There are currently 12.3 million registered vehicles, 9.8 million licensed drivers, and 1.42 million commercial vehicles in the province. Kevin Byrnes, Executive Director with the Ontario Ministry of Transportation, will provide an

overview of how his province is preparing for this growth amidst the changing road safety landscape. Mr. Byrnes will address three key pillars of Ontario's work related to evolving technology, research, as well as the modernization of Ontario's driver and vehicle program design and delivery.

ICE ROAD CONSTRUCTION AND SAFETY TRAINING PROGRAM

Presenter: Garry Snyder, Northwest Territories Department of Infrastructure Lead, and Northwest Territories Ice Road Construction and Safety Projects

The Government of the Northwest Territories constructs and maintains over 1,400 km of winter roads and ice crossings. How are these roads constructed and maintained to ensure the safety of those building them? Moreover, how is the territory ensuring the safe movement of people and goods on these winter roads? Ice Road construction expert Garry Snyder will explain the Department of Infrastructure's approach as well as the process of engaging with its public and commercial stakeholders.

In addition to the advantages of reducing the cost of living, increasing employment and making these remote communities more accessible for tourists, the Northwest Territories ice road construction has enabled its residents to travel for recreation, shopping, training, and employment. The ice road network ultimately makes these communities less isolated and better able to sustain

themselves all while enhancing connections with each other.

ISSUES FACING THE CANADIAN MOTOR CARRIER INDUSTRY

Presenter: David Bradley, President and CEO of the Canadian Trucking Alliance

The trucking industry plays a vital role in the economic health of Canada. It is also an industry that shares its workplace with the public. In this session, David Bradley, President and CEO of the Canadian Trucking Alliance will discuss the challenges faced by the industry, as well as potential solutions. Issues include: the continuing focus on truck safety (e.g., ELDs, the legalization of cannabis), Canada-US trade, the impact of automated vehicles and the industry's human resource challenges.

LEGALIZATION OF CANNABIS AND TRAFFIC SAFETY CONSIDERATIONS IN CANADA — PHARMACOKINETICS OF THC AND DETECTION OF IMPAIRMENT

Presenter: Dr. Matt Goledzinowski, Senior Research Scientist; ACS Corporation.

The legalization of cannabis in Canada requires preventive measures to counter drug impaired driving. This session will address key challenges of impaired driving and detection of impairment for those involved in road safety. Presenters will explore the pharmacokinetics of THC

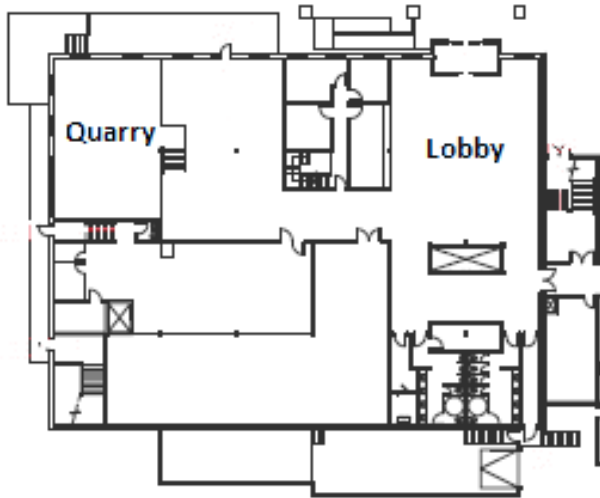

(delta-9-tetrahydrocannabinol — the psychoactive chemical present in cannabis which enters the blood and then the brain immediately after it is inhaled or ingested). It is THC which impairs driving. Attendees will learn about the different technologies for roadside drug detection, the most reliable and efficient approach for identifying THC impaired drivers, the impact of various legislative approaches for dealing with drug impaired driving, and the importance of distinguishing policies on medical marijuana from social policies related to decriminalization and legalization.

AWARDS

The CCMTA Awards Program highlights the work of outstanding individuals and organizations that support the vision and mission of CCMTA. We will be honouring this year's recipients on Tuesday evening June 6, during the Territorial Banquet.

CCMTA's Award Program features five categories. Three categories are determined by a competitive process approved by the CCMTA Board of Directors. These include: the Road Safety Award (new this year), the Jennie Howie Government Member Award and the Police Partnership Award. The remaining two categories—Distinguished Service Award and Sean McAlister Service Recognition Award—recognize individuals who are completing their volunteer term with CCMTA, or upon their retirement or departure from CCMTA activities.

In 2017 CCMTA renamed its Service Recognition Award to the Sean McAlister Service Recognition Award in memory of Sean McAlister. Sean served as both staff and volunteer with CCMTA at various times throughout his career. A devoted employee of CCMTA in the late 1980s and 1990s, when Sean's career brought him to the BC provincial government in 2000, he maintained his relationship with CCMTA as a member of the Drivers and Vehicles Program Committee. A respected authority within the compliance and regulatory sector as well, more recently, Sean's consulting work ensured he stayed connected with CCMTA at the CRA table. Sean died on August 20, 2016 after a courageous battle with cancer.

JENNIE HOWIE GOVERNMENT MEMBER AWARD

Presented annually to a CCMTA member whose primary function is directly associated with the coordination, administration, regulation, and control of motor vehicle transportation and highway safety, and who has made a significant contribution to CCMTA. The Government Member award was renamed in 2006 in honour of Jennie Howie, longtime member of the RSRP Program Committee and Board of Directors.

*Dr. Jamie Dow, Conseiller
médical en sécurité routière,
Société de l'assurance
automobile du Québec*

*Dr. Roy Lilly, Medical Advisor,
The Health Plex*

*Victoria Macdonald, RN,
Medical Assessment
Supervisor, Manitoba Public
Insurance*

*Dr. Neil Swirsky, Medical
Consultant Driver Fitness,
Manitoba Public Insurance*

POLICE PARTNERSHIP AWARD

Introduced in 2006 to honour the achievements and service of active individual police officers or units, in developing key relationships that support road safety. Partnerships may include private or government sector agencies involved in highway transportation safety at the local, regional, provincial/territorial or national level.

Ontario Police Commercial Vehicle Committee (OPCVC)

ROAD SAFETY AWARD

Introduced in 2017, the award was created in support of *Road Safety Strategy 2025: Towards zero, the safest roads in the world*. It is open to individuals, teams and organizations whose work is aligned with the CCMTA vision to advance road safety, and honours strategies aimed at reducing injury and death on Canada's roads.

*Alberta Transportation :
Spot the Difference - a campaign on drug impaired driving*

DISTINGUISHED SERVICE AWARD

The award honours an individual who is completing their volunteer chairmanship terms with CCMTA. Below are the 2017 recipients:

Steve Loutitt, Chair of the CCMTA Board of Directors

Kwei Quaye, Chair of the Program Committee on Drivers and Vehicles

Reg Wightman, Chair of the Program Committee on Compliance and Regulatory Affairs

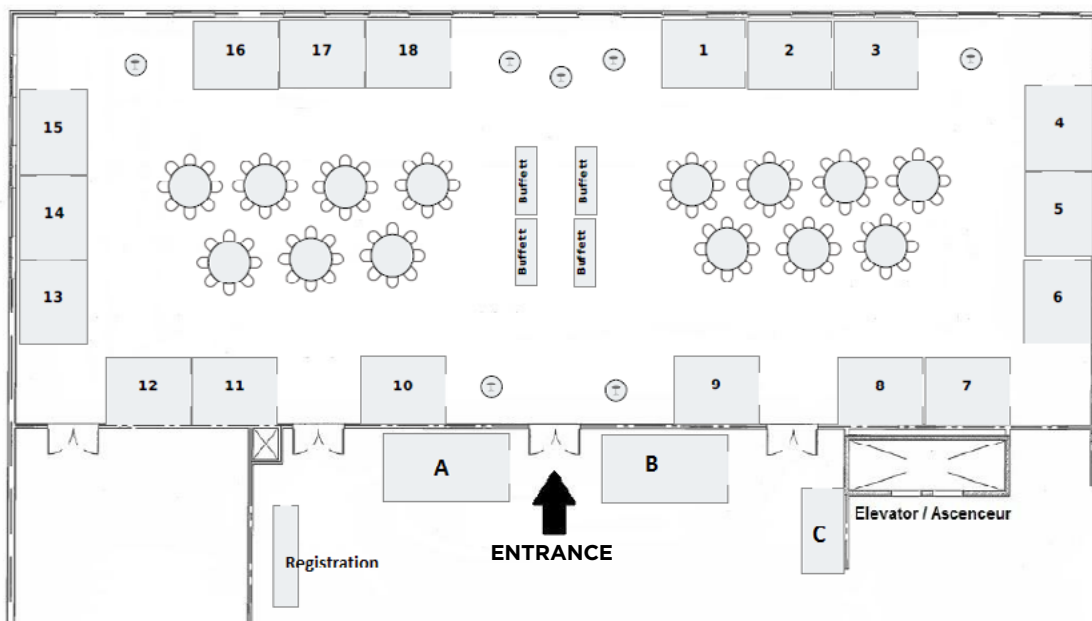

Wendy Doyle, Chair of the Program Committee on Road Safety Research and Policies

Developed a vast array of test methods to evaluate the performance, efficiency and autonomy of eco-energetic, electric and autonomous vehicles.

SOCIÉTÉ DE L'ASSURANCE AUTOMOBILE DU QUÉBEC (SAAQ)

FOYER B

Road safety. Innovating together.

The city of Québec will be hosting the CCMTA 2018 Annual Meeting with the slogan, "Road safety. Innovating together."

Come and see us at our booth for a preview of the historic city's renowned charm and to get a taste of what's in store for next year. The CCMTA Annual Meeting in Québec, from June 3 to 6, 2018 - mark your calendars!

SMART START, INC.

BOOTH: 4 | URL: WWW.SMARTSTARTINC.COM

Smart Start sets the standard for alcohol monitoring technology with the SSI-20/30™ Ignition Interlock and the S.M.A.R.T. Mobile™ portable device.

THE WAR AMPS OF CANADA

BOOTH: 8 | URL: WWW.WARAMPS.CA

The War Amps is a registered charitable organization funded by donations to the Key Tag Service, a free service that returns lost keys to their owners.

Welcome to Yellowknife and the 2017 CCMTA Annual Meeting.

Over the next few days you will be sharing ideas, learning from each other, and discussing important issues facing transportation in Canada. We hope this time together provides valuable information, support, contacts and professional and personal development.

Along with the Program Committee meetings and Concurrent Sessions, we encourage you to visit our Annual Meeting exhibition. It's a chance to meet with the many CCMTA partners whose ideas, products and services contribute to our common goal of improving road safety in Canada. I know our exhibitors would welcome a chance to connect. We appreciate the commitment they have made to be here and on behalf of all of us, we thank them for their ongoing support and contribution. Our exhibitors together with our roster of outstanding sponsors are what helps make our Annual Meeting a success.

Finally, we hope you will find time to experience Yellowknife and celebrate the unique culture of this city on the Shore of Great Slave Lake. The Northwest Territories volunteers have done their utmost to ensure you have a wonderful stay. We thank them for their assistance.

Should you have any questions or concerns, please feel free to approach them – you'll know them by black jackets with a yellow knife symbol. The CCMTA staff and I are also happy to assist.

A handwritten signature in black ink that reads "Allison Fradette". The signature is fluid and cursive.

Allison Fradette
Executive Director
