

2023 EXHIBITORS

Annual Meeting 2024 Edmonton, Alberta

Plan to join us in Edmonton from Monday, June 3rd to Wednesday, June 5, 2024 at the next CCMTA Annual Meeting! The fifth largest city in Canada and one of the youngest and fastest-growing cities in the country. We camp with bison, party under the aurora, and surf on the prairies. Take your taste buds on a journey to some of the hottest craft beer taprooms and hyper-local bistros, or cruise through North America's largest stretch of urban parkland. There's a uniqueness to how Edmontonians do ordinary things, and we welcome you to be a part of it. www.alberta.ca

Accident Support Services International Ltd.

Accident Support Services International Ltd. (ASSI) has established "One Stop Collision Reporting", through a unique partnership involving the police, the insurance industry, and private enterprise. Since 1994, ASSI has provided professional Collision Reporting Centres (CRCs) to allow police to reallocate resources to higher priority needs in the community. The centres are funded completely by the Insurance Industry; there is no direct cost to the police or the public.

ASSI currently operates 44 CRCs across Canada, and 25+ additional Police services utilize our Collision Reporting and Occurrence Management System (CROMS) as their electronic collision and records management database. <https://accsupport.com>

ALCOLOCK

ALCOLOCK Canada is the premium provider of ignition interlock programs and has been delivering reliable service for over 40 years. ALCOLOCK Canada operates a network of Authorized Service Centres throughout Canada; each service centre is staffed by ALCOLOCK trained professionals and supported by a nearby corporate service centre. ALCOLOCK Canada is a division of Alcohol Countermeasure Systems, a leading designer and manufacturer of alcohol interlocks and breath alcohol testers. ACS provides products and services to law enforcement, automotive, industrial, public and personal safety markets. Quality management certifications include: ISO 9001, IATF 16949, ISO 14001, ISO/IEC 17025 and ISO/IEC 17034. <https://alcolock.ca>

American Association of Motor Vehicle Administrators (AAMVA)

Founded in 1933, AAMVA serves North American motor vehicle and law enforcement agencies to accomplish their missions. The association's vision-Safe Drivers, Safe Vehicles, Secure Identities, Saving Lives-guides AAMVA's activities, resources, and programs in driver licensing, vehicle titling/registration, motor carrier services, identity management, and technology solutions. Please visit our website at www.aamva.org to find out about our specific programs and technology services and for information and best practices. <https://www.aamva.org/>

Bluedrop ISM

Bluedrop ISM is a recognized technology innovator that transforms training delivery and credential management through its SkillsPass workforce training platform. SkillsPass is the trusted solution for governments and industry groups around the globe to advance critical skill development and lifelong credential management. Bluedrop was recently recognized as one of Canada's Top SME employers for the second year in a row. www.bluedropISM.com

Working alongside you to design, develop and deliver respecting your requirements. Join Alberta, Northwest, Nunavut, Canada's Department of National Defense, Virginia, Wisconsin and New York – talk to CBN. www.cbnco.com

Commercial Vehicle Safety Alliance (CVSA)

The Commercial Vehicle Safety Alliance (CVSA) is a nonprofit organization comprised of local, state, provincial, territorial and federal commercial motor vehicle safety officials and industry representatives. The Alliance aims to prevent commercial motor vehicle crashes, injuries and fatalities and believes that collaboration between government and industry improves road safety and saves lives. Our mission is to improve commercial motor vehicle safety and enforcement by providing guidance, education and advocacy for enforcement and industry across North America. www.cvsa.org

Digital Government and Service NL

Road safety is a shared responsibility among many key stakeholders in Newfoundland and Labrador. Education is a key component for continued road safety. This booth will showcase information from Digital Government and Service NL, the Stand for Hannah Foundation, The Newfoundland and Labrador Brain Injury Association, Royal Newfoundland Constabulary and Royal Canadian Mounted Police. www.gov.nl.ca

ECRC-SIMEC

Eastern Canada Response Corporation (operating as ECRC-SIMEC) is a Transport Canada certified Response Organization, which can provide Marine Oil Spill Response services as well as Land Spill Emergency Preparedness throughout Canada. ERSC-SIMEC has been engaged by the Canadian Fuels Association to establish a network of verified contractors to support its land spill program. ECRC's call-out process activates personnel, contractors, and equipment to the degree necessary to respond to the circumstances of the spill.

As part of this process, the Land Spill Emergency Preparedness (LSEP) Program is an initiative set up by the Canadian Fuels Association in order to:

- Ensure a more consistent and adequate preparedness amongst responders.
- Increase the management process for the verification of contractors.
- Improve the overall preparedness capability for responding to land-based transportation incidents.
- Establish a network of response contractors, personnel, and equipment to respond to a land base incident involving petroleum products in the land transportation sector. <https://www.ecrc-simec.ca/en/>

FAST Enterprises, LLC

Fast Enterprises (FAST) provides software and information technology consulting services for government agencies. We work with city, county, state, provincial, and national governments to implement modern, enterprise systems that are used to administer a wide variety of programs. Our commercial off-the-shelf (COTS) software helps agencies reduce costs, improve services to constituents, maximize revenues, and improve the efficiency of internal operations. The combination of our award-

winning software and our proven implementation approach has resulted in on-time and on-budget rollouts of our FASTDS-VS software—for the administration of Driver Services and/or Vehicle Services—in over 18 U.S. state motor vehicle agencies since 2011. www.fastenterprises.com

GRIP

Our company specializes in bringing Government, Registries, Insurance and Policing organizations together. We create efficiencies for registries and insurance, a new revenue stream for government and consolidated up to date information for the police. Our goal is to improve the lives of Canadians by leveraging technology and innovation. <https://gripco.net/>
