## **CANADIAN COUNCIL OF MOTOR TRANSPORT ADMINISTRATORS**

The *Canadian Council of Motor Transport Administrators* is a non-profit organization comprising representatives of the provincial, territorial and federal governments of Canada which, through the collective consultative process, makes decisions on administration and operational matters dealing with licensing, registration and control of motor vehicle transportation and highway safety. It also includes associate members from the private sector and other government departments whose expertise and opinions are sought in the development of strategies and programs.

The work of CCMTA is conducted by three permanent standing committees which meet twice a year. The mandates of the standing committees are as follows:

- ▶ The **Standing Committee on Drivers and Vehicles** is responsible for all matters relating to motor vehicle registration and control, light vehicle standards and inspections, and driver licensing and control.
- ▶ The **Standing Committee on Compliance and Regulatory Affairs** is concerned with the compliance activities of programs related to commercial driver and vehicle requirements, transportation of dangerous goods and motor carrier operations in order to achieve standardized regulations and compliance programs in all jurisdictions.
- ▶ The **Standing Committee on Road Safety Research and Policies** is responsible for coordinating federal, provincial and territorial road safety efforts, making recommendations in support of road safety programs, and developing overall expertise and strategies to prevent road collisions and reduce their consequences.

CCMTA's Board of Directors also meets twice per year to attend to the overall management of the organization, determine policy direction and provide overall guidance and direction to the standing committees. Recommendations of the standing committees are ratified by the CCMTA Board.

All CCMTA standing committee meetings are open to industry stakeholders. Associate membership further allows private organizations and other government bodies with an interest in matters dealing with motor vehicle transportation and highway safety to be kept apprised of CCMTA activities and have formal access to CCMTA meetings and proceedings.

For further information on CCMTA projects and programs or associate membership, please contact the Secretariat.

## Road Safety Vision 2010 Communications Task Force Inventory of Public Education and Awareness Material

Broad Category	Subject	Brief Description	Medium Used (i.e.: radio, TV, Print)	Website Location	Contact Name, Telephone & Email	Jurisdiction
Drivers	Aging Drivers	Senior Driver Driving Safety Cycle – group education aid on driving abilities of seniors	print web	<a href="http://www.mto.gov.on.ca.safety">www.mto.gov.on.ca.safety</a>	Road Safety Marketing Office (416) 235-3658	ON
Drivers	Aging Drivers	How's My Driving – a look at how seniors can keep driving longer and safer	print web	<a href="http://www.mto.gov.on.ca.safety">www.mto.gov.on.ca.safety</a>	Road Safety Marketing Office (416) 235-3658	ON
